Question 4

Please comment on what made this week effective.

Your Answer:

- Structure of course seems somewhat good.
- Entire online setup(meetings, contents) makes it easy to take the course from remote setup.

Question 5

Please comment on what could have been improved about this week.

Your Answer:

- Too many students in course making office hours very ineffective. Need better management.
- Options in quiz feel like deliberately kept so close to loose marks that it doesn't emphasize more learning and exploration, but too much focus/attention on mugging exact stated lines to clear quiz. It makes the entire learning process non-sensical.
- Course content doesn't match the expectation tbh, . Too theoretical, and doesn't give much hints on practical application in real world. So, I am getting a sense that it's not really helpful.

Question 6

How much time did you spend on the course this week?

☐ Under 1 hour

☐ 1 to 3 hours

☐ 3 to 5 hours

☐ 5 to 7 hours
